

Test cases for navigator.ba

Atlantbh

Adi Drakovac

Navigator.ba, your most popular city guide, provides data about streets and places in Sarajevo. Recently, we've added events as well. With the increasing number of loyal users we are committed to daily adjustments of our content. Currently, our database contains over 4000 places and 1300 streets as well as monthly schedules of local theaters, cinemas and art galleries with the possibility to book your tickets.

Testing features:

1. Interactive map
2. Searching places / streets and reviewing details
3. Creating places
4. Feedback - Suggest feature / report a problem
5. Changing language
6. Suggest changes for a place
7. Claim the ownership of a place
8. Rate a place
9. Review about page

Interactive map

Test case ID	Description	Preconditions	Test steps	Test data	Expected result	Actual result	Status
